

ENGINEER OF RECORD'S LETTER OF CERTIFICATION

To

TOWN OF DUNDEE DEPARTMENT OF PUBLIC WORKS

TO: Director of Public Works, Town of Dundee

FROM: _____ P.E. _____
(Principal of Firm) (Company Name)

PROJECT: _____
(Name of Project and Location)

PROJECT NO. _____
(Engineering Firm Job Number)

DATE: _____

I am the ENGINEER of Record for the captioned project, and I hereby certify to the Town of Dundee Department of Public Works that, to the best of my knowledge, the WATER/ WASTEWATER UTILITY SYSTEM constructed as part of, and in conjunction with this Project, has/have been completed in general conformance with the construction plans approved by the Town of Dundee Department of Public Works. The aforesaid Utility System(s) is/are complete and functional, and has/have been placed into operation to provide service to the public, and is/are ready for Town of Dundee acceptance and for the Department of Public Works to assume ownership, operation, and maintenance responsibility. These improvements include the following:

(List improvements in detail)

ENGINEER OF RECORD'S LETTER OF CERTIFICATION (Cont'd)

The Record Drawings accurately reflect all utility system information, to include: each and every water, wastewater, and reclaimed service, tap, clean-out, valve, fire hydrant, fitting, casing and pipe referenced from at least two fixed and easily found reference points (e.g., property corners, edges of pavement, roadway centerlines, manhole lids, storm pipe centerlines, etc.). Depths, material specifications, and sizes of pipes, valves, and fittings are indicated/shown on the record drawings. Lot numbers, street names, location of easements, property boundaries, etc., are shown on the record drawings and are consistent with the approved plat, if a plat was required by the Town of Dundee.
